

Huntington Swim & Tennis Club

1400 E. Chicago Ave.

Naperville, IL 60540

June 1, 2018

Dear HSTC Members & Guests:

Huntington Swim & Tennis Club has a history of policies that look to ensure that our pool has a welcoming family environment for all who attend. That being said, in recent years the policy by which non-members are able to make use of the pool in a limited manner throughout the summer has not been strictly enforced and as a result this policy has begun to be taken advantage of by certain individuals. As such, we will be initiating more strict enforcement of our guest policies this summer.

The HSTC Policy is to charge a nominal guest fee to those accompanied by full pool members in good standing (\$3 Children / \$5 Adult). This charge is purposely kept low to ensure that our members can invite friends who are non-members on occasion throughout the summer without a significant burden to their guests. However, since this fee is as low as it is, individuals using this method to attend the pool more than occasionally essentially enjoy full benefits of the pool at a cost less than what is paid by our members.

In order to ensure that the policy is not abused, assure certain members don't receive greater benefits than others and ensure that revenue required to operate the pool and make the improvements desired by the membership is not lost, the below policies will be tracked and enforced (beginning today, June 1, 2018):

- **All guests (adult AND children) must be signed in by first and last name and pay the required guest fee**
- **Individuals will be restricted to attending as a guest FIVE times each summer (regardless of accompanying member)(this number is unchanged from previous years)**
- **After 5 times attending as guests individuals will be denied access to the pool**

Exceptions to this policy include out of town guests, babysitters for children who are members and events at the pool for which a separate entry fee is charged.

We appreciate all of our members' adherence to our policies, as they exist for the betterment of the pool, and of course expect the utmost respect to be shown to the staff enforcing said policies.

The HSTC Board is always happy to discuss individual situations as well as offer membership opportunities for anyone who wishes to join.

Here's to a great 2018 Summer!

**Huntington Swim & Tennis Club Board**
