

Welcome to the 2020 season of tennis at HSTC. We are happy to welcome back Matt Burghraef as our Head Pro; along with Zach and Preston as assistants. Matt has several years experience teaching tennis at all levels. We have a great staff and look forward to working with you on your game.

### Red Ball (3-5 yr. olds)

This class is for the beginning tennis player. Through drills and games we teach the ABCs: agility, balance and coordination, along with an introduction to all the basic tennis strokes. Our goal is to have the athletes begin rallying. 8 max per class.

### Red Ball (6-8 yr. olds)

This class is for the beginning tennis player. Through drills and games we teach the ABCs: agility, balance and coordination, along with an introduction to all the basic tennis strokes. Our goal is to have the athletes begin rallying. 8 max per class.

### Orange Ball (9-10 yr. olds)

This class is designed for beginners and players with minimal tennis experience. Athletes will work on the ABC's (agility, balance, coordination and speed) along with technical instruction on the basic tennis strokes including groundstrokes, serves, returns and net play, including an introduction to singles, doubles and proper scoring. 8 max per class.

### Green Ball (9-10 yr. olds)

This program is for the 9-10 year old who has passed through the Red 1 and Orange 1 levels. Focus will be on point play on the full 78 foot court. We will develop athletic and technical skills through game situations. Athletes will be exposed to different swing patterns, footwork patterns and point strategies. They will play singles, doubles and proper tennis scoring.

### Yellow Ball (11+ yr. olds)

For players ages 11 and up, this class focuses on teaching the fundamentals of tennis, while striving to have participants able to play matches as soon as possible. If a junior is 11 or older and new to tennis, this is the class to start with as coaches work on introducing grips, stances, swing paths, along with explaining rules and scoring. Players work on the ability to rally the ball so that they can progress to playing out points. Even if a junior athlete has some limited experience with tennis, this class will make sure that the player has a solid foundation on which to continue building their skills.

### Junior/High School

This is for our skilled junior high and high school players that have surpassed the yellow ball level. While continuing to work on elevating the basics there will be more work on match play.

### Adult Classes

We will offer Co-ed classes and ladies drills.

If you have any questions please contact Lani 630-723-4423 or [mililanil@yahoo.com](mailto:mililanil@yahoo.com)

Huntington Lesson Sign Up Form 2020

*(Please use 1 form person)*
